Raw Water Transmission Main Pipe Laying

Laying of 1600 mm dia DI pipe, raw water transmission main almost 70% completed from Bhut Ghat. After crossing Dumayine Avenue and Karl Marks Sarani it reaches Boat Canal, then the route is along the Boat Canal and near Chetla, it meets Tolly Naalah. After that it will be laid to Garia Mahasashan and then up to Water Treatment Plant within our Municipality. Over both the canal it is elevated. Over Dumayine Avenue, a stretch will be done by jack pushing, trenchless. Total length of raw water transmission main is 17.5 km out of which length of 1600 mm dia is 16 km, after Garia Mahasashan the diameter is 1400 mm of length 600 m. After that, 1200 mm dia pipe will enter the water treatment plant, the length is 900 m.

KMDA is taking care of the project

GIS BASED 5 YEARS PLAN

A preliminary draft of the 5-year Draft Development Plan (DDP) under AMRUT sub-component of GIS based Master Plan has been prepared and the agency appointed for this task handed it over to the chairman on March 22, 2023 in presence of CIC-AMRUT, UIE-AMRUT & UP-AMRUT

AMRUT 2.0

Water Supply Project Phase-III :

The Preparation of the DPR for the distribution network and House to House connection with metering under Phase-III Water Supply Project has been completed. Now the work of final stage scrutiny and rectification is going on.

Fecal Sludge Treatment Plant (FSTP) :

DPR for the FSTP has been prepared by the Water Resource Management, Jadavpur University and it is now submitted to the concerned department for vetting purpose.

ODF + Certification

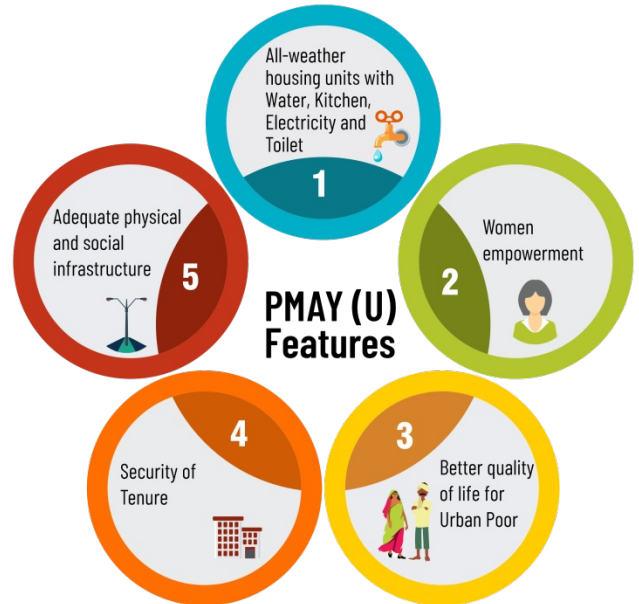

The municipality is now working under ODF+ . So far, 19 community toilets have been tendered for Refurbishment work. And 12 no of Public Toilet have been submitted to the concerned Department for the approval of the refurbishment work.

'Swachhotsav'

A special programme Swachhotsav – 2023 on Women Led Sanitation Campaign 'Swachh Mashal March' is going to be celebrated on 29th March 2023 at Ward Level. The theme of the campaign is urban India's transition from "Women in Swachhata" to "Women Led Swachhota"

On 30th March 2023 – the day declared by the 'United Nations General Assembly' as "International Day of Zero Waste" - a mass mobilisation followed by Pledges taking with participation of office functionaries, SHG Members and members of general public .

Pradhan MantriAwasYojana – Urban

Pradhan MantriAwasYojana – Urban (PMAY-U), a flagship Mission of Government of India being implemented by Ministry of Housing and Urban Affairs (MoHUA), was launched on 25th June 2015. The Mission addresses urban housing shortage among the EWS/LIG and MIG categories including the slum dwellers by ensuring a pucca house to all eligible urban households by the year 2022, when Nation completes 75 years of its Independence. PMAY(U) adopts a demand driven approach wherein the Housing shortage is decided based on demand assessment by States/Union Territories. State Level Nodal Agencies (SLNAs), Urban Local Bodies (ULBs)/ Implementing Agencies (IAs), Central Nodal Agencies (CNAs) and Primary Lending Institutions (PLIs) are main stakeholders who play an important role in implementation and success of PMAY(U).

The Mission covers the entire urban area consisting of Statutory Towns, Notified Planning Areas, Development Authorities, Special Area Development Authorities, Industrial Development Authorities or any such authority under State legislation which is entrusted with the functions of urban planning & regulations. All houses under PMAY(U) have basic amenities like toilet, water supply, electricity and kitchen. The Mission promotes women empowerment by providing the ownership of houses in name of female member or in joint name. Preference is also given to differently abled persons, senior citizens, SCs, STs, OBCs, Minority, single women, transgender and other weaker & vulnerable sections of the society. A PMAY(U) house ensures dignified living along with sense of security and pride of ownership to the beneficiaries.

PMAY(U) adopts a cafeteria approach to suit the needs of individuals based on the geographical conditions, topography, economic conditions, availability of land, infrastructure etc. The scheme has hence been divided into four verticals as given below:

Criteria for selecting beneficiaries :

- Beneficiaries must belong to Economically Weaker Sections (EWS) category
- Beneficiaries must not own “Pucca” house anywhere in India
- Beneficiaries must have ownership of the land, where construction is proposed.

PMAY Verticals : The Mission is being implemented through four verticals giving option to beneficiaries. These four verticals are as below:

- In-situ Slum rehabilitation of Slum Dwellers with participation of private developers using land as a resource (**ISSR**)
- Promotion of Affordable Housing for weaker section through credit linked subsidy (**CLSS**)
- Affordable Housing in Partnership with Public & Private sectors (**AHP**)
- Subsidy for beneficiary-led individual house construction (**BLC**)

BLC

(Beneficiary-Led Individual House Construction or Enhancement)

- A Centrally Sponsored Scheme (CSS)
- Assistance to individual eligible families belonging to EWS categories to either construct new house or to enhance existing houses on their own
- Central assistance upto **Rs. 1.5 lakh per house**
- Enhancement shall mean addition of minimum carpet area of 9.0 Sq Mt into the existing house with pucca construction of at least one habitable room or room with kitchen and/or bathroom and/or toilet conforming to NBC norms
- The total carpet area after enhancement must not be less than 21 Sqm and must not be more than 30 Sqm
